**HARD
A FAST & FURIOUS
CORE**

NEW!

Speed Beetle 3575XP

The new Speed Beetle is the next evolution of the looping yo-yo. Using a high-speed ball-bearing for incredible tricks and Friction Stickers for perfect response, the Speed Beetle comes with two different sets of spacers for maximum versatility. Designed with input from World and National Champions. Available Spring 2003.

NEW!

Flying Panda 3590XP

Utilizing the same design that made the Freehand the choice of World Champions, the Flying Panda has the extra bonus of flexible, over-molded rubber rims. With the increased gap width and rim weight, the Flying Panda is ideal for high-speed string trick play or for off-string play, where the yo-yo isn't even tied to the string! Designed with input from World and National Champions. Available Spring 2003.

ProFire™ 3510XP

Leap into the Hard Core™ Series with Duncan's new ProFire™ brass transaxle yo-yo. Modified shape, with rim-weighted design, the ProFire features interchangeable graphics and patented Brake Pad Technology™ for the smoothest play of any transaxle yo-yo.

Ballistic™ 3520XP

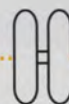

Ball-bearing axle, interchangeable graphics, and patented weight adjustment system makes the Ballistic™ one of the most versatile yo-yos in the world. Includes weight balls, key and extra string. Patent #6,196,891

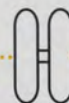

Avenger™ 3530XP

Rim-weighted design offers long spin times, ergonomic profile fits perfectly in the hand, and durable plastic can take a beating. Ball-bearing axle for extra long spin time.

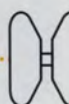

Bumble Bee™ 3542XP

Modified, rim-weighted design and ball-bearing axle for long spins, interchangeable graphics, and features the patented Brake Pad Technology™ for smooth play and excellent response.

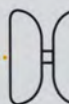

DragonFly™ 3545XP

Modified Butterfly® shape and rim-weighted, ball-bearing axle for long spins. Also features interchangeable graphics and patented Brake Pad Technology™ for smooth play and excellent response.

Freehand™ 3580XP

Used by more competitors in the world than any other Butterfly®-shaped yo-yo, the Freehand™ features a ball-bearing axle, a Duncan® Die for freehand-style tricks, and Friction Stickers™ for smooth play and perfect response. Designed exclusively for Duncan by National Yo-Yo Master Steve Brown. The only counterweight system on the market. Patent #6,371,824

Donald F. Duncan Sr. founded the Duncan® Toy Company in 1929 with the motto "If It Isn't A Duncan, It Isn't A Yo-Yo." Duncan quickly became the world leader in yo-yos and was not only known for their quality products, but also for their skilled demonstrators who criss-crossed the world teaching and entertaining with simple wooden yo-yos. Through the years many things have changed, but the simple elegance of the yo-yo has never been forgotten. The yo-yo is more popular today than ever, and we

at Duncan® Toys are constantly striving to teach every generation the amazing play value of such a simple toy. Whether with our vintage reproduction wooden yo-yos or high-tech ball-bearing models, we offer the perfect toy for everyone. Small, portable, inexpensive, and durable; the yo-yo was even voted the **NUMBER ONE TOY OF ALL TIME**.

We at Duncan® Toys would like you to join us in celebrating our upcoming 75th Anniversary, and to thank you for your continued support. We look forward to providing you with the world's best yo-yos for many years to come. 2004 marks 75 years of quality at Duncan Toys.
