Ball Bearing yo-yos

The SB-2 sets the standard as the leader in yo-yo technology. Each is skillfully produced from aircraft aluminum, hand polished, sequentially numbered and marked with the year it was made. Dr. Kuhn's patented, internally adjustable non-slip string gap allows players to select their own level of performance. Included in each gift box is a 40 page instruction manual, 5 extra strings, a velour pouch, 2 rubber power rings for added rim weight to increase duration of spin, and a string gap adjustment tool.
