### Original Brain

Cat # 2014 Price **\$9.99**

The **Brain** is the #1 selling Yomega yo-yo because it is so easy to use. The "brain" has a centrifugal clutch that automatically returns the yo-yo back up. Even a beginner can look good. Easy to wind, "no brainer" returns and the ability to sleep with a transaxle design makes this our #1 beginner's yo-yo. The **Saber Brain** makes it even easier for beginners. The wider Butterfly style design is easier for string tricks and makes this a great choice for someone starting out. The new **X-Brain** is an upgrade from the original Brain. It works like the Brain but has a 4 bearing clutch and for faster and quicker return action.

### Saber Brain

Cat # 23822 Price **\$9.99**

### X-Brain

Cat # 2173 Price **\$10.99**

### Fireball

Yomega's patented transaxle system combined with the solid Imperial design allows this yo-yo to spin up to three times longer than ordinary yo-yos. Tricks such as Walk the Dog and Rock the Cradle can be performed with ease.

Catalog # 26102

Price **\$7.99**

### Glow In The Dark Fireball

Yomega glow in the dark models such as the Raider and Brain are no longer in production. Get this one before it also disappears.

Catalog # 2389  
Price **\$8.99**

### Saber Wing Fireball

This yo-yo features the power and long sleep characteristics of a Fireball but in a modified butterfly design. The wider groove makes complex tricks easy.

Catalog # 23821  
Price **\$8.49**

### Firestorm

The newest version of the Fireball features some design modifications to improve production and performance characteristics.

Catalog # 2174 Price **\$8.99**

### Yomega Yo-Yo Colors

Due to the high demand for Yomega, it is very hard to keep a wide selection of colors. Please give 2 or 3 color choices and we will try our best to match your preference.

### Powerspin

The Powerspin does exactly what the name says. It has a modified design similar to one used in the \$100 SB2 yo-yo. That design places the primary mass of the yo-yo towards the rim for faster rim speed.

Catalog # 26104

### Raider

Cat # 2386 Price **\$17.99**

Yomega's line of high performance plastic yo-yos have proven themselves with World Championship wins and a Guinness world record. The **Raider** holds the world record for most yo-yo tricks beating the SB2 on national television. The **RBII** was the yo-yo of choice for the World Champion. The **Saber Raider** is our number 1 selling performance yo-yo because it combines the world class performance of the Raider and the exceptional handling characteristics of a modified butterfly design. **NEW LOWER PRICES**

### Saber Raider

Cat # 23825 Price **\$17.99**

### RBII

Cat # 2387 Price **\$13.99**

### Strobe Yo

The Strobe Yo features the most advance electronics of any lighted yo-yo. See the incredible light show it created on our cover Standard transaxle.

Catalog # 2171

Price **\$34.99**

### Wing Force

The Wing Force aluminum yo-yo is a high performance yo-yo with specially matched roller bearing transaxle and computer designed aluminum body for super long spins, precision balance and string tricks. **New Model Shipping June 1999**

Catalog # 7221

Price **\$27.99**

### Panther

Yomega's fixed axle yo-yo is made from laminated hardwood. It features rubber protective edge rims for an easy grip and edge protection like the Metallic Missile. Get the weight and feel of a traditional wood yo-yo with Yomega's innovative design features and quality construction. Wood yo-yos also resist scratches and cracks better than plastic models.

Catalog # 2172 Price **\$8.99**

### Da Bomb

Cat # 2611 Price **\$14.95**  
**Da Bomb** from Team Losi has features found on yo-yos 2-3 times its price. It has a precision sealed roller bearing and adjustable gap. Optional Speed Rings are also available to increase rim weight and sleep times. The **Grim Sleeper** is identical to the Da Bomb except for color and graphics. The new **Cherry Bomb** is a butterfly version of the Da Bomb - it comes complete with speed rings and a wooden axle for the best of both worlds.

### Grim Sleeper

Cat # 2612 Price **\$14.95**

### Cherry Bomb

Cat # 2613 Price **\$17.95**

### SSII Sonic Spin

The SuperYo SSII Sonic Spin has several design innovations that sets it apart from the crowd. It has a ball bearing (round balls) transaxle instead of the traditional roller bearing axle and it is among one of the heaviest plastic yo-yos on the market.

The heavier weight and ball bearings gives it "super sonic" spin times along with a very distinctive spinning sound. Available in Black, Clear, and Red.

Catalog # 2101

Price **\$14.99**

### Speed Rings

Want more speed and longer sleep times? Add these to Da Bomb or Grim Sleeper for more speed! Cat # 2614 Price **\$2.50**

### Renegade

Cat # 2107 Price **\$19.99**  
The **Renegade** offers a 3 in 1 combination style roller bearing yo-yo at a great price. No other yo-yo can match this much performance and versatility for \$20. The **Invader** is the only ball bearing in the dark yo-yo currently on the market. Now you can perform super fast tricks and long sleeps at night - the bearing also buzzes like a space ship. The **Typhoon** has a PowerBand weight rim design for super long spins. The butterfly design makes string tricks easy and the ball bearing axle never needs lubrication.

### Invader

Cat # 2108 Price **\$14.99**

### Typhoon

Cat # 2109 Price **\$14.99**

The same metal speed ring technology is used inside the new Tornado 2.

The metal speed rings allows this yo-yo to sleep as long as many metal and aluminum yo-yos. Comes with specially designed roller bearings.

Catalog # 271 Price \$14.99

**Torch**

A high quality lighted yo-yo. Perfectly balanced with a bearing axle. Batteries included.

Catalog # 2328

Price \$17.99

**Technic**

The Technic has a wood axle to give it the smooth traditional feel of wood and the high tech performance of a modified design. We were quite surprised that

this was a fixed axle design because it felt almost like a transaxle.

Colors: Clear, Red, Blue, Green

Catalog # 2322 Price \$6.99

**Tornado 2**

The classic Imperial design roller bearing Tornado gets even better with metal speed rings. It retains the classic feel of a traditional yo-yo with the hidden advantage of extra rim weight for super sleep times. **Shipping April 1999**

Catalog # 2329

Price \$14.99

**Tornado**

The Tornado is one of those rare products that combines quality, performance, and value in one great package.

The modified design is constructed from a triple vent mold which ensures a precision balance. It has a bearing transaxle and is comparable if not better in performance than yo-yos costing 2-3 times more.

Catalog # 2321

## Make your yo-yo sleep 2-8 times longer

### Bearing Upgrade by Spintastics

Convert your Nylon or wood axle yo-yo to a high performance roller bearing yo-yo and make it sleep 2 to 5 times longer.

This upgrade kit consists of a roller bearing that was specifically selected for yo-yo play, O rings, end caps and instructions.

Fits: Technics, Torch, Fireball, Powerspin, Strobe Yo. Catalog # 2111 **\$7.99**

## Super Sleeper Stainless Steel Bearing

If you want the absolute longest sleep time from a yo-yo, upgrade to an aerospace grade, ABEC 5 stainless steel bearing. These bearings will make you yo-yo sleep 3-8 times longer. This is a bearing only (no end caps) and will only fit the Raider, Saberwing, Raider, RBII, Wing Force, Metallic Missile & Team Losi yo-yos. These WILL NOT FIT: Brain, Fireball, Powerspin, Tornado, or SB2.

Catalog # 21110 **\$9.99**

## Hi Roller Synthetic Oil

Keep your roller bearing and ball bearing yo-yos spinning at its maximum speed with this synthetic oil.

Greasy lubes were designed for inexpensive Nylon axles. If you own a high performance bearing yo-yo, don't grease it up with a sticky lube. This oil penetrates into the bearing and keeps it spinning faster and longer.

Catalog # 2119 **\$4.99**

## Original Equipment Bearings and Parts

Roller bearings will wear out after long play. Just like string, replacement of a worn out bearing will make your yo-yo perform like new. If your yo-yo seems to be spinning slower or your sleep times are getting shorter, try a new bearing.
