# Hummingbird TOY CATALOG

Hummingbird Toy Company, Ltd. is proud of the craftsmanship that goes into every one of our products. Our yo-yos, spin tops and paddleballs are all produced with great attention paid to every detail. From precision shaping and balancing to craftsmanship and expert finishing — our toys are tested and re-tested to be sure they meet our high quality standards.

At Hummingbird Toy Company, we never lose sight of who we make our products for; so we only use non-toxic dyes and paints to make our toys bright and appealing for children of all ages.

More importantly, our toys run on “kid power” for years — not battery operated power. They allow children to develop a sense of pride in themselves through mastering a skill that’s fun and entertaining. And at Hummingbird, we believe that’s what toys are really for!

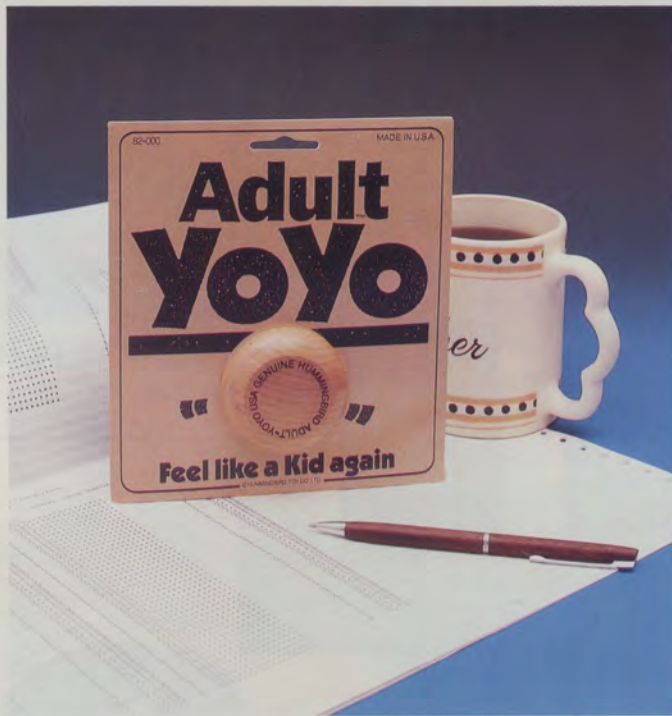

## Limited Yo-Yo™

Premier yo-yos crafted from the world’s rarest exotic hardwoods. These perfectly balanced yo-yos are finished with a clear protective coating which accents the natural color and wood grain. Especially popular as a collectible item, each is stamped in gold foil-leaf on one side. Yo-yos are individually boxed with a soft velour carrying pouch, extra string and the Hummingbird Yo-Yo Trick Booklet.

## Adult Yo-Yo™

82-000

Think back. Remember that simpler time before you were an adult? Before everything needed batteries.

Well here at Hummingbird Toys we still believe in basics. We've been making real wooden yoyos for years and have never lost our fascination with this remarkable toy. (Did you know that yoyo goes back thousands of years to Ancient Greece?)

So, after all these years, we thought it was about time for an Adult Yo-Yo.

Hey — why should kids have all the fun? The Adult Yo-Yo. A hunk of wood, a piece of string and most importantly, YOU.

## Classic Yo-Yo

From the simplest to the most complicated yo-yo tricks, this yo-yo is specifically designed and balanced for optimum feel in trick performing. Masterfully crafted of domestic Rock Maple wood, this pure unadorned wooden yo-yo is finished with a clear protective coating which enhances the color and grain. Boxed with a soft velour carrying pouch, extra string and the Hummingbird Yo-Yo Trick Book.

Follow the bouncing ball!  
It's the Hi-Fli Paddleball –  
– the great American toy  
that's bigger and better  
than ever! Full sized  
paddles, 11" x 5 3/4" x 3/  
8", crafted from five ply  
Birch laminated wood.  
Each is constructed with  
three feet of long-lasting  
rubber line and 1 1/4" gloss

sponge rubber ball. The line is  
not stapled to the paddle, it is  
slipped through a hole in the  
paddle and tied around the neck  
allowing the length to be ad-  
justed, and the line easily re-  
placed. It comes with an extra  
rubber line plus instructions.

## Hum-Zinger™ Paddleball

62-500

It's designed in the same fashion as the Hum-Zinger Yo-Yo. It's made of real hardwood. Our easily adjustable and replaceable rubber line allows the beginner to shorten the line to the proper knee to floor length, wrap the excess line around the handle and presto, the begin their long, enjoyable, paddling careers.

## Hum-Zinger™ Yo-Yo

It's constructed entirely of maple wood, painted in hot new colors and the graphics are "in" demand. This Yo-Yo will not collect dust on your shelf.

How well does it play? It's specially designed axle allows longer spin time and specifically balanced and weighted body makes this Zinger the premier Yo-Yo of the Players. the real point is that the better the Yo-Yo plays, the easier it is to learn, therefore less frustrating, hence – more fun. The more fun a toy is, the more we sell and so the story goes.
